

## LEUKOCARE presenting at the 10<sup>th</sup> PEGS Summit Europe in Lisbon, Portugal

Two poster presentations referring to LEUKOCARE's SPS<sup>®</sup> technologies and advanced formulations of biopharmaceuticals in the context of the Strategic Alliance with Rentschler Biopharma SE are being presented at the 10<sup>th</sup> PEGS Summit Europe taking place November 12-16 in Lisbon, Portugal.

---

### **Munich, Germany, 15 November 2018**

Munich-based biotechnology company LEUKOCARE announced today that two poster presentations featuring LEUKOCARE's SPS<sup>®</sup> formulation technology platform and advanced formulations of biopharmaceuticals in the context of the Strategic Alliance with Rentschler Biopharma SE will be discussed at the 10<sup>th</sup> PEGS Summit Europe in Lisbon. The presentations feature the topics of improved stability and higher yield of biopharmaceuticals during manufacturing by the amino acid-based technology platform SPS<sup>®</sup> as well as advanced formulation of biopharmaceuticals.

"We are pleased that two poster presentations have been accepted at the 10<sup>th</sup> PEGS Summit. This again proves that with our extensive formulation expertise and our proprietary SPS<sup>®</sup> formulation technology platform, we are continuously improving the effectiveness of our technologies enabling us to raise the awareness of formulation development", said Michael Scholl, Chief Executive Officer of LEUKOCARE.

Following is the list of accepted posters featuring LEUKOCARE and Rentschler Biopharma SE data at the 10<sup>th</sup> PEGS Summit:

- 1) LEUKOCARE AG: Improved Stability and Higher Yield of Biopharmaceuticals during Manufacturing by the Amino Acid-Based Technology Platform SPS<sup>®</sup>; presented by Sabine H. on Thursday, November 15
- 2) Rentschler Biopharma SE: Advanced Formulations of Biopharmaceuticals; presented by Jadranka K. on Thursday, November 15

## **About LEUKOCARE AG**

LEUKOCARE provides a next-generation formulation technology platform for the protection of proteins like biopharmaceuticals to allow the development of better products. The proprietary Stabilizing and Protecting Solutions (SPS<sup>®</sup>) technologies are provided to development projects of partners in the pharmaceutical and medical device industry. LEUKOCARE's SPS<sup>®</sup> technologies improve stability and quality of biologics like antibodies, vaccines etc. in dry and liquid formulation including high-concentration formulations. SPS<sup>®</sup> technologies also protect proteins in biologically functionalized combination devices.
